# PRE-PREP PROGRAM at THE PREP

EDUCATION *in the* JESUIT TRADITION

St. Joseph's Preparatory School offers eighth grade boys and girls an eight-week program that will improve their learning skills and give them a taste of an exciting high school

experience. These sessions prepare students for high school entrance examinations and scholarship competition. The focus is to provide an occasion for students to acquire greater expertise in verbal and mathematical skills. The subjects covered will include the following:

- **Reading Comprehension**
- **Algebraic Operations**
- **Test-Taking Skills**
- **Reading Vocabulary**
- **Problem Solving**
- **Language Enrichment**
- **Time Management**
- **Small Group Tutoring**

Prep teachers will conduct classroom instruction; Prep students will provide tutoring. Teachers from Motivational Educational Training Company (M.E.T.C.) will instruct students in test-taking strategies and time management skills.

The Language Enrichment aspect is designed to boost root word recognition and promote a deeper knowledge of vocabulary through an understanding of usage, connotation, and denotation. This will be accomplished through an introduction to foreign language words (Spanish and French) in context. The eight-week session will be divided in two, with four weeks devoted to Spanish and four weeks devoted to French.

This program is designed for students who are above average, motivated and focused on a college preparatory school such as the Prep.
