

PARENT FEEDBACK

“By far our son was most impressed by the faculty. He has never had a male teacher before, and learning from the dynamic men at the Prep truly made a difference.”

“She loved every bit of it – not one complaint about getting up early in the summer. She even enjoyed the bus ride – described it as pure entertainment.”

“We have never seen our son so motivated to attend class. The Pre-8th Program motivated our son and made him realize what he can achieve.”

“He never once complained about getting up early, doing homework or studying – he loved drama and computers and even the bus!”

PRE-EIGHTH GRADE SUMMER ENRICHMENT PROGRAM

for Boys and Girls

ABOUT the PROGRAM

The Pre-8th Grade Summer Enrichment Program is a five week summer program designed for boys and girls who have completed seventh grade. It includes

an academic program of algebra and English as well as an athletic, computer science, and drama component.

Please complete the enclosed application and forward it along with a \$150.00 deposit to reserve a spot. Deposits are non-refundable after March 1, 2010 and the balance is due on May 1, 2010. Registration forms completed after May 1 will require full tuition payment.

Monday-Friday: 8:45 a.m. – 1 p.m.

June 28 – July 28

Tuition Cost: \$1,300.00

Books and Diagnostic Testing: \$75.00

Bus Transportation (Optional): \$300.00

Shuttle Service (Optional): \$110.00

For more information please call 215-978-1954.

TRANSPORTATION

The program takes place on the St. Joseph's Preparatory School campus located at 18th Street and Girard Avenue in North-Central Philadelphia. There is direct busing service to and from the Prep serving major areas in the Delaware Valley. Students profit from the unique geographic and social diversity. Please see the enclosed yellow transportation sheet for specific information.

For more information regarding Pre-8th Grade Transportation please call 215-978-1967.

ENGLISH

This course will cover the following content areas: literature, composition, grammar, vocabulary, and public speaking. Summer faculty will guide students through the processes of pre-writing, writing, and revision as they engage in expressive and creative writing.

MATHEMATICS

All students will learn algebra. Some will be placed in honors algebra classes, depending upon their exposure to and mastery of basic algebraic concepts. An algebra test, administered during the first day of the Pre-8th Program, will help place students in appropriate sections.

ATHLETICS

Sneakers are the required footwear for pre-8th graders because every day they will enjoy popular summertime activities. These include basketball, soccer, and ping-pong in the Kelly Fieldhouse, wiffleball in the Prep Plaza, volleyball in the multi-purpose room, and swimming and water sports in the pool.

COMPUTER SCIENCE

In our computer centers, summer faculty will introduce students to a survey of computer applications including robotics, video editing, graphics, and 3-D.

DRAMA

In our 275-seat theatre, students will learn basic acting skills. In addition, students will work together in a team effort to create improvisational skits.
